Candidates for mayor give their views

Candidates for Grade School Board

Gail Heath

Charles Atwood

Bruce Jablonski

Robert Kelley

Philip Clrone

Curtis Denny

Garnet Cook

Robert Olson

THESE EIGHT RESIDENTS of Antioch Grade School District 34 are seeking election to the school board Saturday. Voters will elect three of the candidates to three-year terms and the choices are Gail Heath, Ray Atwood, Bruce Jablonski, Garnet Cook, Phil Clrone and Robert Olson. Running for a one-year term are Robert Kelley and Curt Denny. The polls will be open from 12 noon until 7 p.m. at the Antioch Lower grade school, Channel Lake school and Oakland School. (Additional comments on page 4.)

Police Chief Wells resigns, but may consider staying on

A letter of resignation from Antioch Chief of Police John J. Wells was read and accepted (5-0, one absent) at Monday's village board meeting.

His appointment, as is the case with all village appointments, ends at the close of business Saturday, Apr. 30.

Chief Wells wrote, "I am a firm believer in a newly-elected mayor appointing the person of his choice to serve as his Chief of Police ... I will be glad to work with the new proposed Chief of Police for an orderly transition and will do so to the best of my ability."

He added that he would consider re-appointment by the new mayor, to be elected Apr. 19.

Wells was first appointed chief in May of 1972, following retirement as a state trooper. The previous chief was Jack Davis.

TRUSTEES VOTED to apply for \$3,750 in federal funds for rural community fire protection. The reimbursement covers half the project's cost.

A BUDGET HEARING was set for Monday, Apr. 25, on proposed uses of federal revenue sharing funds.

Recommendations discussed at last week's public hearing include appropriations for: senior citizen taxi fares, sidewalks, civic activities and the Hiram Buttrick sawmill project.

Upcoming meetings: plan commission, 7:30 p.m., tomorrow (Thursday); regular committees, 7 and 8 p.m., Apr. 11; park commission, Apr. 13; and zoning board of appeals, 7 p.m., Apr. 27.

Certainly it's a cruel world. It's been raining ever since the golf courses opened. While steak may be expensive it sure tastes a lot better than barbecued macaroni.

Sorry, no election results

This issue of the Antioch News went to press before the results of Tuesday's township election were final.

There were two contests, for township supervisor and town clerk. Most of you probably will get the results by word of mouth but, if not, may we suggest that you tune in WKRS-radio (Waukegan) or check the Wednesday edition of the Waukegan News-Sun? WKRS is 1220 on your dial.

Burglar hits home on Crest Lane

Another home in the village of Antioch was burglarized Monday night.

Timothy J. Harvey, of 480 Crest Lane, returned home about midnight and discovered the break-in.

Police officer Stan Revell investigated and said it appeared that two or three kicks at a back door broke the door's wood frame.

Once inside, the burglar went through desk drawers, a jewelry box and stole some coins.

In mid-March similar break-ins occurred not too far from Crest Lane, on Hillside Ave., and also on Hillandale Drive.

Set town meeting

The annual town meeting for Antioch township will be at 2 p.m., Tuesday, Apr. 12 at the village hall.

Topics on the agenda include taxes, road maintenance and repair and federal funds.

76 businessmen attend forum

By BETSY ROSSEN

The Antioch Chamber of Commerce and Industry sponsored a "Meet the Mayoral Candidates" luncheon Monday at the Country House restaurant. Final attendance figure was 76 who heard Henry J. Gillman Jr., Michael J. Haley, Raymond P. Toft and J. Irving Walsh.

Following opening remarks by Chamber president Richard Kirkpatrick and introductions by Peter Clevin, each of the four gave prepared statements. They then fielded questions from the audience.

GILLMAN EMPHASIZED his concern for police protection, pledging changes in personnel. He also wants to have "three squad cars moving at all times on eight-hour shifts."

A fire and rescue station east of the Soo Line tracks is another of his priorities. Oakwood Knolls subdivision and industry need this service, he says, because they are easily cut off by trains.

CITIZENS ACTION PARTY leader Haley outlined the following points of the CAP platform: "Continued effective use of taxpayers' money, promotion of senior citizen housing, expanded park activity programs, further improvement of sanitary sewer systems, and work with the business community on improving parking and traffic."

In response to Mayor Robert Wilton's mention of the danger of a "political block" or "machine ramrodding," Haley promised his party is committed to a basic philosophy and form of government, but that members vote their consciences and in the interest of the people.

FORMER MAYOR TOFT reported that his campaign hot-line has received many calls concerning the police department. He said he believes the force "needs new leadership" and also suggested hiring an investigator.

Annexations and zoning changes should be effected, he said, "but properly. A lot of land needs to be developed and industry brought in to help the tax rate."

He explained his running as an independent: "I like to work with people ... any people. Four or five people running the town is not right."

WALSH'S COMMITMENTS include such projects as streets, lighting and flood control; recreational parks and programs; and a civic center. He believes the center would pay for itself through rental to outside groups. He later explained that initial funding would hopefully come from a federal grant.

Walsh continued by expressing interest in working with any civic organization, annexation, traffic and parking, a new fire department-rescue squad building and senior citizen housing.

A quote from Abraham Lincoln concluded his statement: "I believe a man should be proud of the city he lives in, and should so live so the city is proud he lives there."

WALSH AND HALEY defended the police department. Walsh urged the audience to realize the hours of service Chief John J. Wells gives, adding that responsibility "falls on the lieutenant."

BILL SEEMANN

DON AMUNDSEN

Tremendous interest is being shown in the Tuesday, Apr. 19, village election.

There are four candidates to replace a fine mayor, Robert C. Wilton, who is not running for re-election.

There also are seven candidates for four trustee posts and we know all seven to be fine, capable people.

Two, however, are especially qualified. They are incumbent trustee William H. Seemann and the chairman of Antioch's zoning board, Donald H. Amundsen.

TAKING NOTHING AWAY from the other four trustees, it has been our observation in three years of covering village meetings that Mr. Seemann and Michael J. Haley have been two of the hardest workers and two of the leaders on the board.

Antioch voters will be making a serious mistake if they do not re-elect Mr. Seemann.

For the best possible village government, it is also important that they elect Mr. Amundsen to a four-year term. His work on the planning commission and the zoning board has been outstanding. He is highly intelligent and he is his own man.

MR. AMUNDSEN'S LEADERSHIP of the zoning board has been most impressive. Under him, the meetings run smoothly, people are given a chance to express their views and issues are handled with courtesy and dispatch.

Don Amundsen and Bill Seemann are thoroughly committed to the best interests of the village. Because the board of trustees needs both of them, we feel it is important to give them this early endorsement.

MAYBE YOU MISSED this line from the comic strip "B.C." in the Chicago Sun-Times. One of the characters says to the other:

"Show me a man who goes off to work with a spring in his step ... and I'll show you a man with a rubber porch."

DID YOU SEE the picture of two children fighting in the "sports section of Monday's Waukegan News-Sun?"

They appeared to be between 8 and 10 years of age and were slugging it out in the ring during the "Southern Amateur Boxing Championships."

We wonder about the mentality of men who promote such events, sending little boys into a battle pit and telling them to try to knock each other out.

As a sports editor for 10 years, we had the unfortunate duty of covering hundreds of Golden Gloves tournaments. We soon learned to wear old clothes at ringside because every night we would be splattered with the blood of the teenagers who were up there cutting each other open, or battering an opponent unconscious.

Boxing is a rotten sport. If kids must learn to defend themselves, they should be sent to karate or judo schools, where they are taught to use their skills only in self-defense.

OUR FAVORITE campaign gimmick for the upcoming village election is the card we received from the Citizens' Action Party.

You dip it in water and it turns into a sponge. Hope you received one, too. They're fun.

UNFORTUNATELY, ONLY about 80 people showed up last Wednesday for a "Meet the Candidates" forum at the Upper Grade School.

The District 34 grade school election, Saturday from 12 noon till 7 p.m., is very important and the voters should be working on becoming informed about the eight candidates for the board of education.

A member of the audience, Kay DeRousse, asked the candidates for their opinions on the strengths and weaknesses of District 34.

CURT DENNY SAID, "One of the main strengths is the teaching and learning that has been accomplished. The educational program is well-thought-out and is functioning.

Bob Olson said a weakness has been "the lack of communication. Unfortunately, a lot of the good goes unspoken. The quality of teachers, I think, has been outstanding ... but they aren't always appreciated."

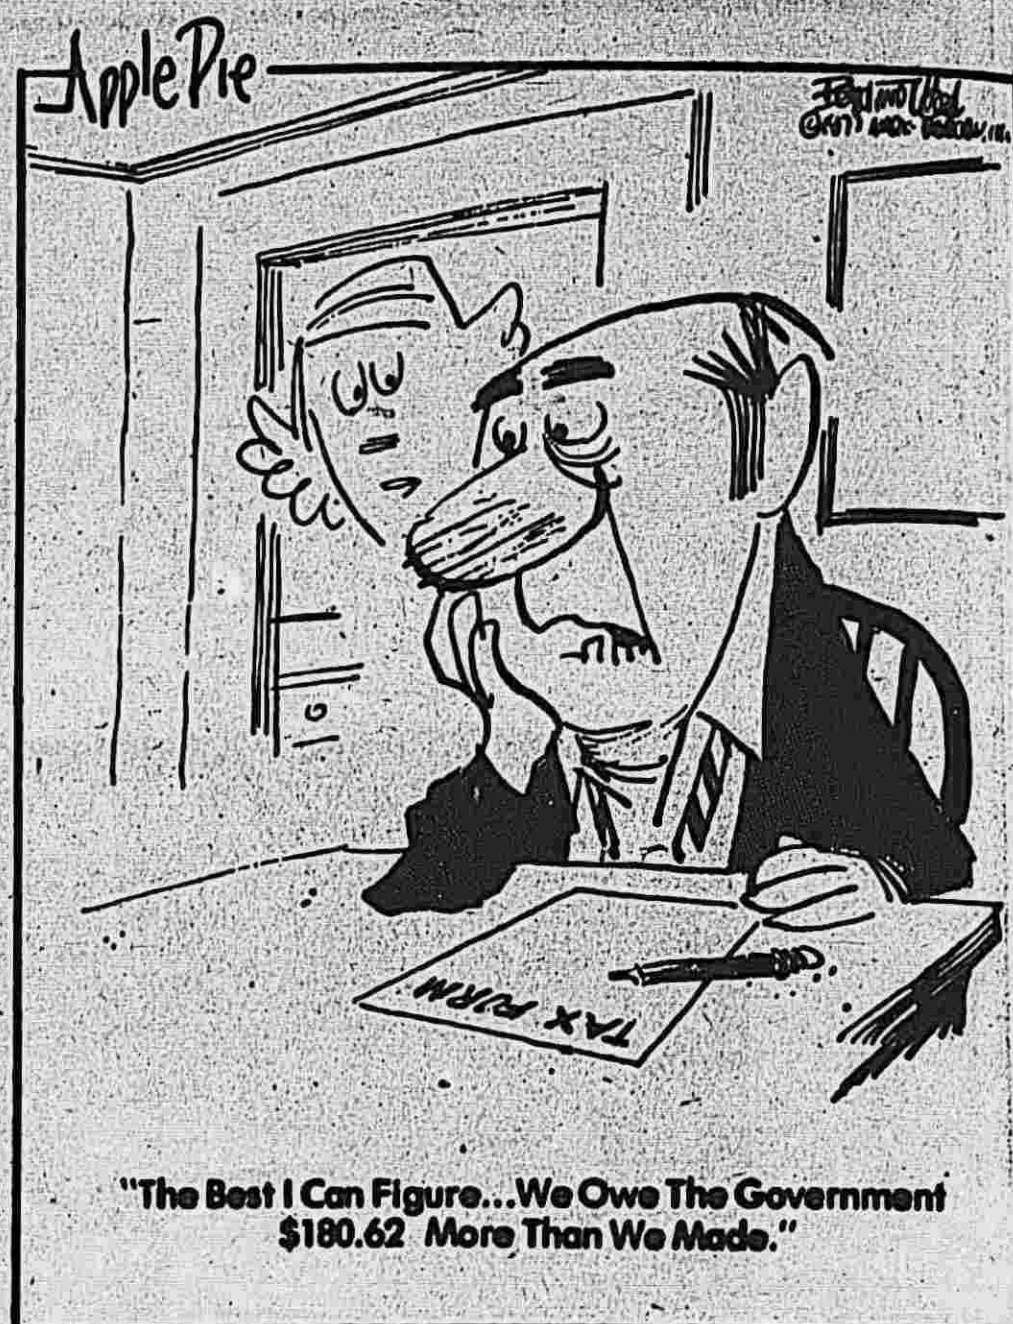

Bruce Jablonski agreed that he "doesn't see any need for improvement in teachers. He asked for more rapport. 'Let's all work together,'" he said.

Gail Heath, current president of the board, said, "Many things have been really tremendous." But she pointed to the lack of adequate space and facilities.

"PEOPLE DON'T REALIZE how we've grown," she said. She apologized to the 1,700 pupils for some of the conditions.

Editorial COMMENT

Grade School Board
needs more harmony

An extremely important school board election will be held Saturday in Grade School District 34.

The eight candidates for the four openings on the board are pictured on page 1.

We feel that more than four of the candidates are very qualified, so it will be up to the voters to decide which four will join Milo Bailey, Jim Quedenfeld and Homer (Sid) Parker on the board. Those three are not up for election this year.

TWO INCUMBENTS are running: Gail Heath, current president of the board, and Ray Atwood. Mrs. Heath has proved to be an intelligent and very capable member. Mr. Atwood has performed brilliantly on the board and has proven himself to be both effective and fair. They have the kind of ability that a good school board needs.

Running for a one-year term is Robert Kelley, a former member of the board who was upset in the last school board election. Yet, Mr. Kelley has continued to show his interest in the education of Antioch's children. Despite being off the board he has attended the meetings, something too few people in Antioch do.

Mr. Kelley's opponent, Curt Denny, also has excellent background and experience in education. Either man would do a good job during his one-year term. They, too, are the intelligent thinkers that Antioch needs on its school boards.

BRUCE JABLONSKI IS a candidate for one of the three-year terms. We recommend him highly because we know Mr. Jablonski to be a sensitive and capable community leader. He served extremely well in his four years on the village planning commission. He currently is president of the Antioch Rescue Squad and has been a local businessman for nine years. We feel he would serve in the best interest of Antioch's young students.

Garnet Cook is another excellent candidate. She, too, is extremely sensitive to the needs of the students.

Mrs. Cook has lived in Antioch for 35 years and has worked efficiently as a police department dispatcher for 12 years. She has been active in scouting and park programs, working for Antioch youngsters.

We feel Mrs. Cook would weigh school board issues intelligently and come up with the right answers.

We also were impressed with Robert Olson last Wednesday at a "Meet the Candidates" program at the Upper Grade School. He speaks eloquently and thinks on his feet. The voters couldn't go wrong with him, either.

UNFORTUNATELY, THERE HAS been too much squabbling on the grade school board in recent years. For example, when Supt. Henry Meyer's contract was renewed recently the vote was 4 to 3. Voting against a 3-year contract for Mr. Meyer were Mrs. Heath, Mr. Quedenfeld and Mr. Parker. Voting for it were Mr. Atwood, Mr. Bailey and two persons who are leaving the board, Sharon Krom and Jim Miles.

Antioch's grade schools have many dedicated administrators and teachers. Unless the community starts pulling together in support of these talented educators, Antioch will lose many of them. They can't work with constant, needless pressure.

THE CONCERN HERE is for the children. For them, the school board members should pull together with a positive attitude.

The people of Antioch know the candidates as well as we

CINDY LEA HILLS

ENGAGED

Mr. and Mrs. Donald E. Hills of Lake Villa announce the engagement of their daughter, Cindy Lea, to Larry A. Randa, son of Mrs. Julia Randa, Park City, Ill.

Cindy is the granddaughter of Mr. and Mrs. Ray Burdick of Antioch and Walter K. Hills and the late Agnes Hills, also of Antioch.

THE COUPLE will be married in July in a garden wedding at Woods By the Lake, Round Lake.

The bride-to-be graduated from Antioch High School and attended the College of Lake County. The bridegroom-elect attended North Chicago High School and Northern Illinois University. He is presently a foreman for Eric Christenson Inc. of Gurnee. He belongs to Kappa Chi fraternity.

The future newlyweds will reside in Hickory Hills.

McClory withdraws

Congressman Robert McClory (R-13th District) addressed the following statement last week to George Michaelson, director of the Development and Planning Department of the Chicago Heart Association; Dr. Charles S. Vil, president-elect of the Chicago Heart Association; and Michael R. Shaw, acting director of the Heart Association of Lake County:

"I am today withdrawing my name as honorary chairman of the Heart Association of Lake County -- a division of the Chicago Heart Association. This decision has been reached after careful thought and a review of events which led to my original agreement to accept this honorary post.

"As a public official with broad responsibilities to serve constituents and communities, it is imperative that I remain completely removed from controversies such as the Heart Association of Lake County dispute."

50 YEARS AGO: APR. 7, 1927

Final hearing on the proposed paving of Antioch streets, including Lake, Victoria and Harden, will be held in the county court room at Waukegan this Saturday morning.

The Antioch fire department answered a call to the E.J. Lehman farm, Lake Villa, shortly before noon Wednesday, when a flaming straw stack threatened damage to nearby buildings. Due to the recent rains the firemen found a plentiful water supply near the scene of the fire and the flames were soon extinguished. There was no damage except the loss of the straw stack.

The annual town election in Antioch Tuesday was a very simple and tame affair, and a very light vote was polled. Failure of so many to visit the polls is accounted for by the fact that there was no contest for office, B.F. Naber for supervisor being the only candidate. He received a total of 125 votes in the two precincts.

20 YEARS AGO: APR. 4, 1957

Anthony J. Scully will succeed John Miller as assessor as the result of Tuesday's township election in which he won over Henry J. Rentner and Leo Hinterlong. Llewellyn Van Patten Jr., unopposed for town clerk, polled 984 votes.

Antioch postoffice has started home mail delivery service. Due to this service, the post office will benefit in having more space in its present building because nearly 400 boxes will be taken out of active duty. William Dow is the foot carrier and Edward Pratt's work is both on foot and by vehicle.

A conference with Bell Telephone Co. officials is scheduled this week by village officials in an attempt to get the company to level Main St. where conduits were laid and the street torn up. The street sweeper cannot clean the gutters.

10 YEARS AGO: APR. 6, 1967

With no contest in any offices in Tuesday's township election, a light vote was expected and only 646 votes were cast. Elected without opposition were Lloyd Murrie, supervisor; Blain Ring, road commissioner; and Ruth Jedele and Richard Whitacre, Antioch Township Library trustees.

Joe Patrovsky of Jo-Pat Meats needed all of his years of experience in the business last Tuesday to carry out an unusual assignment: A customer arranged with Joe to slaughter, dress and cut up an elephant. The animal arrived at the establishment on Rt. 83 by van. It was about 17 years old and weighed about 5,000 lbs. The elephant will be sold to restaurants and other users who specialize in rare game meats.

Antioch must install a lagoon for treatment of sewerage by the summer of 1968. That's the word from the Sanitary Water Board. Board representatives visited the treatment plant and commended the work of Charles Maplethorpe.

Lumber candidate for CLC board

The College of Lake County will use 51 polling places in local high school districts for Saturday's election to fill three vacancies on the board of trustees.

Peter Bakas, vice president of business services at CLC, said:

"Voters will be going to the polls to vote for board members of local school districts, and we urge them to be sure to vote in the community college election at the same time."

Among the candidates is James Lumber, Antioch attorney and a former board member.

High School board candidates unopposed

A special meeting of the board of education of Antioch High School, District 117, will be held Saturday at 8:30 p.m., in the board room.

The purpose of the meeting is to canvass the votes of Saturday's school board election. Also, to organize the new board and approve the resolution for a joint agreement for the Lake County Area Vocational Center.

There is no contest in Saturday's high school board election. The three candidates for three-year terms are unopposed. They are Bette M. Meyer, Robert M. Lindblad and Howard J. Bonner.

Saturday's voting hours are 12 noon to 7 p.m. The polling places are: Precinct 1, Antioch High School, Precinct 2, Pleviak School, Lake Villa, and Precinct 3, B.J. Hooper School, Lindenhurst.

The High School will not be in session Good Friday, Apr. 8 and the week following Easter.

Classes will resume Monday, Apr. 18 at 8 a.m.

The general office and switchboard will be open Good Friday, 8 a.m. to 4 p.m. to accommodate absentee voting.

The office will be closed Easter Monday but open Tuesday thru Friday, Apr. 12-15, 8 a.m. to 4 p.m. daily.

3 running for Emmons school board

Three persons are running for two three-year terms on the Emmons grade school board of education.

They are Carl R. Fischer, Ellen Ann Kaiser and incumbent Richard C. Ruck Jr.

Voting will take place

at the school, from 12 noon till 7 p.m., on Saturday, Apr. 9.

BE A GOOD NEIGHBOR. HELP THE GOOD NEIGHBOR.

CLC board election on Friday

College of Lake County district residents may vote in the Friday, Apr. 9 election for the board of trustees in the same polling place in which they vote for their local high school board members.

Among the 51 polling places are: Antioch Community High School; Pleviak School, Grace Community

Church, Avon Elementary School; and B.J. Hooper School, Lindenhurst.

8 seek election to Grass Lake board

Eight persons are seeking four openings on the Grass Lake school board of education.

The election will be Saturday, Apr. 9, with voting from 12 noon till 7 p.m. at the school.

Three three-year terms are expiring. Seeking those are Marlene Olsen, Irvine W. Metz, Donald E. Ament, James Bletsch and incumbents Gregory LaPlante and John L. Steitz Jr.

Two women are seeking the one-year vacancy: Susan M. Lloyd and incumbent Beverly Mattson.

Utilities adopt new color code

What's yellow, red, orange, blue and green? A new system of marking locations of underground facilities.

In an effort to uniformly identify subsurface utility services, the Illinois Commerce Commission has established a new color code to be used statewide. The system should help minimize confusion by excavators in determining the identity of below-ground facilities.

PAINT MARKS and stake colors will conform to the following color standards: gas, oil and petroleum lines, high visibility yellow; electric, fire protection red; communication, telephone and telegraph, alert orange; drinkable water, precaution blue; sewer, safety green.

This color code is identical to one recommended by the American Public Works Association as a national system.

He joined the Marine Corps in April 1973.

RON MITCHELL of Lake Villa is on the Millikin University track team. The sophomore specializes in sprints and long jump. He attended Antioch High School.

The Decatur, Ill. school was sixth in the College Conference of Illinois and Wisconsin meet last year, but has hopes to improve in the sprints and distance races.

Toft releases citizens' views

Citizens are concerned about police dept.

Citizens are concerned about traffic & parking problems.

Citizens are concerned about park & recreational facilities.

Citizens want more voice in village government.

Senior citizens are concerned about housing.

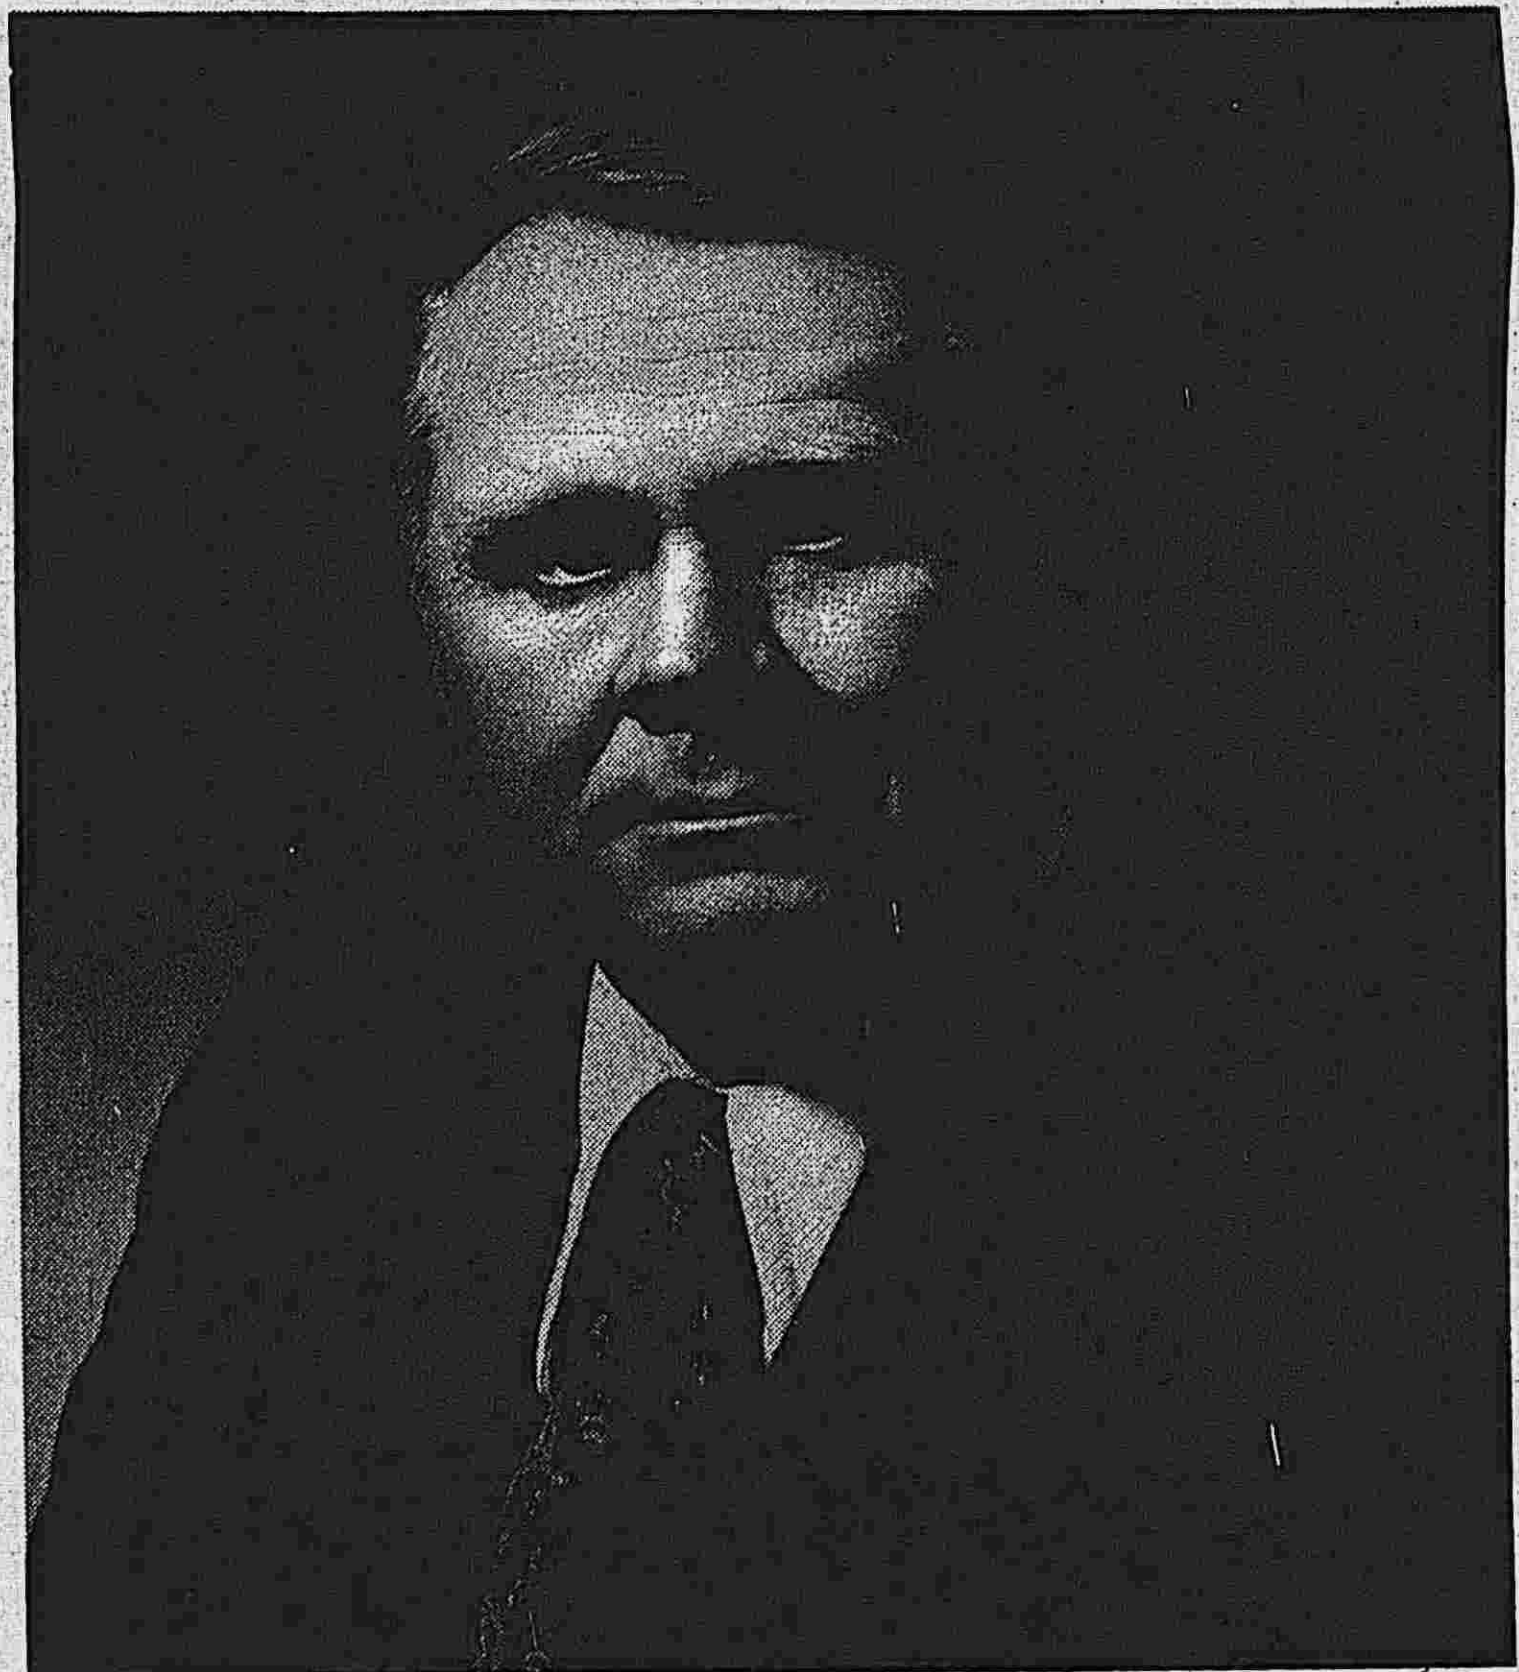

Citizens are concerned about the village being managed economically & efficiently.

Citizens are concerned about their tax monies being spent wisely.

I will pledge to work hard to achieve these goals for the citizens of Antioch.

do. If not, they should do some homework before going to the polls Saturday.

We hope they will elect four people who will work together the next three years for the benefit of the students and the school district.

Nobody benefits by a negative attitude. What is needed now in District 34 is a team effort ... harmony among the board members, administrators and teachers.

As we pointed out, at least Antioch is fortunate that it has so many capable candidates.

Continued squabbling will also discourage capable candidates and board members from running in future elections.

Along the way with ANNIE MAE

Roots have been in the news a lot...are you interested in yours?

Shirley Paddock has just published a terrific compilation of facts about Antioch area history, "Names, Places, Events of North Central Lake County." The Lake Forest gal started the project 13 years ago, primarily using back volumes of the Antioch News and county courthouse records.

Volume I runs from 1887 through 1925 and

includes: area maps circa 1900, births, anniversaries, marriages, deaths and new residents. Glancing through, I notice many familiar names.

She has donated copies to local libraries, but we're sure many will want to have their own copies. They're only \$2 available from Shirley's cousin, Dorothy Melby (223-2278).

BIG NEWS last Thursday at the Heritage office building at 800 Main St.

Agent Larry Feightner tells us they installed an elevator! Was wondering about the crowds -- you know how some shoppers get when they see anything marked down.

CONGRATULATIONS TO George Olisar of Antioch. He directs the Zion Grade School band and they placed first in the Illinois Grade School Band District Contest.

This enables the young musicians to compete on the state level Apr. 30 at Round Lake.

SORRY TO HEAR Louise Gutowski is in the hospital. Her daughter Julie tells us she should be home from Victory Memorial this Friday, though.

Jane Jorgensen is at the same hospital, undergoing some tests. Hope to see you both real soon.

JUST A REMINDER that the Ladies Aid of Millburn Congregational Church will serve a roast beef dinner at 12 noon tomorrow.

Antioch building inspector Dick Stroner has another reminder: tonight's the night for the general meeting to discuss the newly adopted codes and fees of the village. All local contractors and trade reps are asked to come to the fire station basement, 874 Main St., at 7 p.m.

By the way, Dick will be informing you about various aspects of the building codes and ordinances through a weekly spot called "It's the Law!" It starts in today's Antioch news.

NEWS FROM Blue Island!

Elfrieda Mau dropped a note to tell us she will be 77 tomorrow, the 7th (says she always liked that number). She adds, "I miss all you folks and wish I could come oftener to see you all. Keep well."

Birthday greetings are also sent to Kelly Walker. The cute blond from Salem, Wis. will be celebrating this Friday.

IN THE MOOD for something different?

The Lake County Forest Preserve District is offering a variety of interesting courses this spring, including horse care and training, spring flora and prairies in perspective.

Call 945-0440 for more info.

ANNIE MAE would like to offer this final word of advice:

I love to see you young Antioch athletes out running, but please be careful, especially along Rt. 83.

I'd like to see 'ya next week!

Offer aid to couples

A "Couples Communication" course is being offered by Curt Wennerdahl, a psychiatric social worker at the Family Counseling Clinic in Grayslake.

"COUPLES Communication" is an educational program designed to enrich communication between partners. It focuses on the process of flexible and effective interpersonal communication.

The program is not aimed at solving specific relationship problems, Wennerdahl says, nor is it counseling. Rather, it centers on teaching specific com-

munication skills and frameworks, in order for partners to deal with day-to-day issues as they grow and build their relationship over time.

Couples who enroll will meet from 7 to 10 p.m. on four consecutive Thursdays, Apr. 21 and 28, May 5 and 12. The sessions will be held at the clinic, Rt. 120 just west of Rt. 45.

Cost of the four sessions will be \$75 which includes manuals and textbooks.

Interested couples should contact the Clinic (223-8107) by Saturday, April 16.

Millionairess to visit here

Donna Lucia D'Alvadorez, the famous millionairess from Brazil, will visit Antioch Apr. 9, 15, 16, 22 and 23. This personage is better known to theatre audiences around the world as "Charley's Aunt."

Saturday, Apr. 9, is opening night for the "world's funniest play" at PM&L Theatre on Main St. The

weeks of rehearsals have brought the cast to a sparkling, laugh-filled performance level that will keep you laughing.

DIRECTOR PAT Jamison and her husband, Mark (the producer), are totally involved in this production and the spirit they feel for community theatre has spread to the cast and will be felt by the audience.

Set in 19th century England, the tale begins with invitations from Jack Chesney (Dann Baugher, Millburn) and Charles Wykeham (Dan Maloney, Fox Lake) to their girlfriends, Kitty Verdun (Pam Hunley, Antioch) and Amy Spettigue (Pat Napolitano, Fox Lake) to a luncheon which is also to be attended by Charley's millionaire aunt, Donna Lucia (Bev Palmberg, Libertyville).

When it is believed that Donna Lucia will not be able to attend the party, a friend of Jack and Charley's, Lord Fancourt Babberly (Mark Kettner, Round Lake), reluctantly agrees to impersonate Charley's aunt. The story isn't ended there, but you'll have to come to see the hilarious comical results.

THE CAST of "Charley's Aunt" also includes Steve Woolaway (Great Lakes) as Col. Sir Francis Chesney; Josef Hunley (Antioch) as Stephen Spettigue; Kevin Little (Antioch) as Brasset, the butler; and Laura Krah (Lake Villa) as Ela Delahay.

Performances begin at 8:30 p.m. and reservations can be made by calling 395-3055.

This is a family show for all ages to enjoy.

PM&L THEATRE'S next production, "Charley's Aunt" comes to the local stage this Saturday and continues Apr. 15, 16, 22 and 23. Pictured here are Josef Hunley (left) as Stephen Spettigue and Mark Kettner as Lord Fancourt Babberly. Curtain time for the British comedy is 8:30 p.m.

CLC NEWS

THE COLLEGE of Lake County administrative offices will be closed and no classes will be held on Good Friday, Apr. 8.

"BELLY DANCING II" (CED 983-002) will be offered by the College of Lake County at Mundelein High School beginning Monday, Apr. 18.

Designed for those who have already had a beginning course in belly dancing, the four-week class will be taught by Janice Taylor.

The class will meet on Monday and Thursday from 7:00 to 7:50 p.m. in the Mundelein High School Library.

Information about the class may be obtained

by calling Pat Hansen at 223-6601, ext. 333. Registration information may be obtained by calling the admission office at ext. 300.

POET ROBERT Bly will read his works at the College of Lake County at 8 p.m., Apr. 15 in the Orange Lecture Hall (main building). The event, part of CLC's fifth annual Poetry Week, is open to the public without charge.

Bly has published several books of poems, including "Silence in the Snowy Fields," "The Light Around the Body," which won the National Book Award in 1968, and "Sleepers Joining Hands."

A FIELD STUDY trip to the Rocky Mountains and Colorado plateau is scheduled for July 23 through Aug. 13. The trip is sponsored by the College of Lake County biology and geology departments. The deadline for signing up for the trip is Friday, Apr. 8.

The trip will cover the Rocky Mountains of western Colorado and northern Arizona, and the southeastern Utah part of the Colorado plateau. Considerable time will be spent at Rocky Mountain, Grand Canyon, Zion, Bryce Canyon and Arches National Parks and the Navajo and Canyon de Chelly Na-

tional Monuments.

Emphasis will be placed on giving the student an understanding of basic geological and biological concepts through the application of field methods and examples, according to Jerry Hinkley and Ron Riepe, CLC instructors who will lead the group.

Those accepted will be required to enroll in Biology 226 and Geology 226 during the summer. The two courses carry four semester hours of credit.

The cost for the trip is estimated at \$270.

Information may be obtained by contacting Riepe at 223-6601, ext. 315 or Hinkley at ext. 446.

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - Good planetary aspects provide a fresh new outlook on things. Get organized and aim toward constructive causes. Original ideas can pay off if cultivated properly.

TAURUS [April 20-May 20] - Associates may tend to be secretive so don't push for a showdown. Seek outside interests that offer new recreational and social activities.

GEMINI [May 21-June 21] - Temporary ups and downs with career plans can confuse issues. Try to maintain a level headed attitude with superiors and adhere to their rules and regulations.

CANCER [June 22-July 21] - You may be called upon to lead in some community project; added responsibilities and obligations prevail. Keep standards high and set a good example.

LEO [July 22-August 21] - Pursue educational plans; get involved with intellectual people who agree with your own philosophical views. Make some long range plans for a trip or vacation.

VIRGO [August 22-September 22] - Heightened activity in connection with financial affairs of partner is indicated. As perception and intuition is also increased you can rely more on playing hunches correctly.

LIBRA [September 23-October 22] - Avoid public disputes with associates; settle differences in a quiet diplomatic manner. Prepare for new propositions or offers of a contractual nature.

SCORPIO [October 23-November 21] - Pets and hobbies offer diversion from a routine week. Take special measures to safeguard health. Maintain good diet habits and avoid excessiveness in any undertaking.

SAGITTARIUS [November 22-December 20] - Lasting romantic attachments may be formed now. Most social outings have a successful outcome. Show affection toward children, mend past differences.

CAPRICORN [December 21-January 20] - Domestic affairs and dealings with family members can run smoothly now. Take time to talk over plans with older individual.

AQUARIUS [January 21-February 19] - Mental facilities are keen, outlook optimistic. Handle all matters of correspondence and detail work with confidence. Broaden educational horizons.

PISCES [February 20-March 20] - Artistic pursuits can be profitable; use your creativity to enhance financial status. A tendency to overspend on luxury items prevails.

TM program here tonight

Jim Polley will be lecturing on "The Transcendental Meditation Program and Health" tonight (Wednesday). The free public lecture will begin at 7:30 p.m. at the Antioch Township Library.

The lecture will conclude with a question and answer period.

Many Antioch residents have begun the practice in the last few years, including Susan Antonelli.

She said: "The TM program has helped me in a number of ways. I've been practicing the technique for more than two years and have noticed many positive changes. I've quit smoking and also overcame a chronic neck problem. I simply feel much more relaxed since beginning the TM program."

800 sodas per day--for life

By RONALD REAGAN

Is there life at the Food and Drug Administration? The search goes on, but observers have been skeptical ever since robots at the FDA issued a ban on saccharin three weeks ago.

The searchers believe that no reasoning human mind could have come up with such a zany ruling, so they are leaning toward the conclusion that the robots themselves have gained control of the sprawling Federal bureau.

This should not be too surprising. It has happened before. A tip-off to such occurrences is if the robots explain some illogical regulation or ruling on the grounds that Congress passed a law requiring it. Sort of a mechanical man's version of "The devil made me do it."

IT STARTED IN CANADA

That seems to be the case with the saccharin ban. It all started in Canada where some laboratory researchers were feeding 100 rats a diet of five percent pure saccharin for life. Of these, three developed malignant bladder tumors. A few second-generation rats fed saccharin developed bladder tumors. In fact, 14 of them did, while only two rats not on the saccharin diet did. The rats ate saccharin, some got tumors, therefore saccharin causes cancer - or so the scientists concluded. The Canadian government immediately ordered a ban on the sugar substitute which has been in worldwide use (with no known harm to humans) for more than 80 years.

Now, had humans been programming things at the FDA they would probably have reasoned that the dosage fed the rats - the equivalent of 800 12-ounce diet sodas per person per day for life -

was too far-fetched to apply.

But the humans may have already been overpowered and locked in a closet, for the robots went right ahead and announced a ban, saying that they had to because of the Delaney Clause (passed by Congress in 1958) requiring that any food causing cancer in animals may not be in the human diet. The robots scheduled some hearings, but outside observers think that move is automatically printed on their circuits and will have little effect.

A BETTER IDEA

Many Congressmen are being bombarded by letters from dismayed constituents. Some 10 to 12 million Americans use saccharin in their diets

and teachers all feel the need for a new grade school.

Ray Atwood said a "great strength is the many people working for District 34 to keep the buildings in good condition. He praised teachers for their individualized attention to each student's special needs.

BOB KELLEY SAID he hoped more people would attend board meetings so they don't get their information second-hand.

Mr. Jablonski said, "apparently

there is a need for a feasibility study regarding a unit school district."

We were most impressed by the quality of the candidates. Our editorial on page 4 says more about that.

Current village officials head CAP

Four of Antioch's six trustees are seeking re-election in the Tuesday, Apr. 19, voting ... hoping to retain their leadership in village government.

Along with village treasurer Shirley Gutowski and the chairman of Antioch's zoning board, Donald H. Amundsen, they have formed the Citizens' Action Party (CAP).

It is the only full-slate ticket on the Apr. 19 ballot and is headed by Michael J. Haley, now a village trustee who is seeking the post of mayor.

Mayor Robert C. Wilton is not seeking re-election because he is moving outside the village. Wilton is backing Haley's candidacy. The two have worked closely in the last four years, Wilton as mayor and Haley as a trustee.

Mrs. Gutowski is the party's candidate for village clerk. She is running against the incumbent clerk, Marilyn J. Sterbenz. Seeking re-election to trustee posts are William H. Seemann, Ronald J. Cunningham and Judith I. Phillips.

HALEY LIVES WITH his wife, Susan and two daughters, Jennifer, 5, and Megann, 16 months; at 499 Lake St. in Antioch. He attended St. Peter's school, Notre Dame High School, DeVry Technical Institute and the National Institute of Dry Cleaning.

Mike is the owner of the Haley Brothers Cleaning firm in Antioch and before entering military service was employed as a senior laboratory technician with the Smith-Corona Corporation.

He has been a member of the Antioch Rescue Squad for 14 years and is a certified paramedic. In addition he is a member of the Antioch Chamber of Commerce & Industry and the Antioch Lions Club. For six years he was a Boy Scout leader in the village.

In his four years as village trustee, Mike has served as a member of the public works, sidewalks, finance, police, safety, housing, off-street parking, and civic activities committees.

"The desire for continued good government that is responsive to the people" is the key to his candidacy for mayor, Haley said.

Shirley Gutowski, candidate for clerk of the village of Antioch, has lived in Antioch since 1949. She resides at 489 Crest Lane with her husband, Bernie, and their four children, Mike, Tom, Dave and Donna.

Shirley was educated in the Antioch school systems and has attended IBM business school. She was previously employed by the Benes Construction Co. and has held the position of village treasurer for the past four years.

Shirley's community-minded spirit is shown in her activities with church and civic groups. She is a member and past president of St. Peter's Women's Club, and has been on St. Peter's school board for the past 8 years. She also has been active with the Antioch Little League, organizing parental support.

While working for the village the past four years, Shirley has handled the monies of the village.

Judy Phillips, candidate for the two-year term for trustee of the village, resides with her husband, George, and their three teenagers, Steven, Mark and Ann, at 351 Bridgewood Drive. The Phillips are members of St. Peter's Church.

Judy attended Rock Valley College in Rockford, majoring in accounting. She worked part-time for

five years at WREX-TV in Rockford as a receptionist, promotional assistant and special local program coordinator, and filled in during vacations as an executive secretary and sales secretary. Prior to her marriage, Judy was employed in the accounting department of the G.G. Greene Manufacturing Corporation in Warren, Pa.

She served as P.T.A. secretary, Cub Scout Den Mother, and Den Leader Coach while in Rockford.

Judy is a member of the St. Peter's Women's Club, having served as membership chairman. She is also a member of the Oakwood Knolls Property Owners Association, serving as secretary for two years and treasurer for four years. She has helped out as a math aide at the Upper Grade School.

Judy was appointed to the Antioch Plan Commission in August, 1974. In January of this year, Judy was appointed a trustee of the village.

"Further development of the park program and solving parking and traffic problems in the downtown area are very important," she said.

William H. Seemann, candidate for trustee, resided with his family at 649 Longview Drive. Bill and Mary have three children - William Jr., 18; Stephanie, 7; and Christopher, 5.

A teacher at Antioch High School for the past 20 years, Bill received his B.S. and M.S. degrees

from Western Illinois University in Macomb.

He entered military service during the Korean war from 1950-52 and served with the 31st Infantry.

Bill and his family are members of St. Stephen Lutheran Church in Antioch.

He has been a member of the Antioch Lions Club for 18 years, serving as president and several other offices.

Bill has been an active trustee for the village the past four years. He has served as chairman of the sewer and water committee and the parks and playground committee.

As chairman of the parks and playground committee, along with the park commission, Bill has been instrumental in developing park and recreational activities for all citizens of Antioch.

Bill said he feels "it is only too easy to criticize government at any level, but only competent elected officials can rectify the difficulties."

Donald H. Amundsen, candidate for trustee, has lived for the past eight years at 508 First St. in Sequoit Terrace with his wife Gerri and their three children, Glen 22, a senior at Augustana College; Sue 17, a senior at Antioch High School, and Carl 12, a seventh grader at the Upper Grade School. because they are overweight or suffer from diabetes or heart disease. Others use it in coffee or tea (or take it in diet soft drinks) to help them keep trim. Saccharin has been the only artificial sweetener approved for use in this country ever since the last time the robots took control at the FDA and banned cyclamates (based on similar laboratory dosages). There has been talk of extracting some substance from grapefruit peels or turning to corn syrup to replace saccharin, but some 90 Congressmen may have a better idea.

They have lined up as co-sponsors of a bill authored by Representative James Martin (R.-N.C.). This bill would set aside the ban until a special panel of scientists could be convened to recommend to the Secretary of HEW whether the public benefits of saccharin outweigh the possible risks.

Who knows, if the bill passes, the scientific panel might also continue the search for life at the FDA. And, if it wouldn't be spreading itself too thin, it might extend its search to the Occupational Safety and Health Administration where it is believed the robots have been in control almost since it was founded.

Fashion show in two weeks

"Spring Fashions 1977," the annual dinner and fashion show presented by the Emmons Parent-Teacher Organization, will be held Thursday, Apr. 21, at Andre's Steak House of Richmond.

The 7 p.m. sit-down dinner will include roast sirloin of beef and roast turkey with all the trimmings. A cocktail hour will precede the dinner.

THE LATEST fashions from funky to fancy will be shown by BJ's Fashions for Men, Gibbs and Janssen's Carousel ladies' fashions and Four Squires styles for men and women.

The show, which begins at 8 p.m., will be easy to see and enjoy in Andre's new spacious upstairs banquet room.

During the fashion show, raffle and prize winners will be chosen to receive the many prizes donated by local merchants.

TICKETS ARE available for an \$8.00 donation at the State Bank of Antioch and from ticket chairman Jean Stanley at 395-6648.

Tickets will be sold in advance only.

AMONG THE MODELS at the Apr. 21 Spring Fashions 1977 will be (from left): Sharon Kildahl (Four Squires), Larry Hanson (BJ's Fashions for Men) and Gail Dubek (Gibbs & Janssen's

Carousel). The festivities, sponsored by the Emmons School Parent-Teacher Organization, begin at 7 p.m. at Andre's Steak House.

Telephone Company, Don works in Waukegan as an engineer.

Don has been an active member of St. Stephen's Lutheran Church. He has served as Sunday School teacher and superintendent.

For seven of the past eight years he has been a member of the church council and is currently serving as vice-president. He has been active in the Antioch Little League and is a former member of the Rotary Club.

Don has been a member of the Antioch Plan Commission and has played a direct part in the development of Antioch's "Comprehensive Plan." For the past year he has served as chairman of the Antioch Zoning Board.

Don says he is particularly interested in advancing the cause of senior housing and in helping to solve pressing problems, such as basement flooding.

"In spite of the fact that much progress has been made in the past four years our goal is to do even more to further the idea that Antioch is a great place in which to live and work," he said.

Ronald J. Cunningham, candidate for trustee, is running for re-election to a second term.

Ron is vice president of the Cunningham Cartage Co., where he works with his father and brother. They specialize in excavating, moving and are contracted with the U.S. postal service.

Ron lives with his family at 154 E. North Ave., Antioch. Mary and Ron have two daughters, Sandra, 10, and Julie, 6. They are members of the Antioch Methodist Church.

Besides military duty, he is past president of the Antioch Fire Dept. and a member of 13 years.

During his first term as trustee, Ron was acting chairman for 2 years of the planning and zoning committees and chairman of the safety committee involving the police and fire departments.

Through his involvement in village government, Ron says he became even more enlightened as to the prime concern of Antioch citizens. His interest in the future of Antioch is very much a part of his life, he said.

PERSPECTIVES

Is history bunk?

By DONALD COLE
Moody Bible Institute, Chicago

In an interview published in the Chicago Tribune in 1916, Henry Ford was quoted as saying that "history is more or less bunk." Mr. Ford lived to regret his off-the-cuff remark; he was laughed at. History is by no means bunk; taken in an academic sense, it is the branch of knowledge that records and explains the past. A good historian does his work carefully.

MORE THAN 400 years before Christ an Athenian historian, Thucydides, wrote the history of the Peloponnesian War. Thucydides would laugh at Henry Ford's jibe; he knew that history is not bunk.

So did Luke, the man who wrote the gospel by that name. He explains his methods in the opening paragraph of the gospel: "It seemed fitting for me," he says, "having investigated everything carefully from the beginning, to write it out for you in consecutive order." Thus, the account of the life and work of our Lord, Jesus Christ, is not bunk; it is reliable history. And the same may be said for his second book, Acts of the Apostles. It also records history as it happened.

This is the testimony of respected historians, not of Luke by himself. In fact, it is a source of embarrassment to some critics of the Bible that Luke should have such impeccable credentials. They are forced to acknowledge that he was an educated

man who understood the principles of history, wrote with painstaking accuracy, and left for the world one of the finest documents produced in ancient times.

SO WHAT, you say? The answer is, Luke must be taken seriously when he records the miracles of Christ, and those of the apostles. In no detail, whether of time, place or name has he ever been proven inaccurate. This fact lends great weight to his record of miracles.

The truth is, those who reject them do so for philosophical reasons. In their own way, they are as prejudiced as was Henry Ford, and in greater danger. Men who believe that history is bunk are doomed to repeat the mistakes of the past. Men who believe that miracles can't happen are forced to reject the testimony of Luke and the other apostles. For them the consequences are graver than for those who ignore history; they lose their souls.

Is this true? Let the Bible speak for itself: "...how shall we escape if we neglect so great a salvation? After it was first spoken through the Lord, it was confirmed to us by those who heard (Him), God also bearing witness with them, both by signs and wonders and by various miracles and by gifts of the Holy Spirit according to His own will." (Hebrews 2:3-4.)

Reject the miracles of the Bible and you reject God. It's as simple as that, and as fatal!

Conservation Club encourages interest in purple martins

The Northern Illinois Conservation Club will be sponsoring "Purple Martin Time" in Antioch during the week of Apr. 25.

The event is being held to mark the arrival of spring and the purple martins, and to encourage interest in these and all other wild birds. It has become a popular event in recent years in many areas of the country and has been held in some of the continent's major cities.

THE PURPLE MARTIN is a large, blue-black swallow - the largest member of the swallow family. It is popular because it seems to like people, prefers to nest in colonies near human homes, and feeds exclusively on flying insects, including mosquitoes and flies.

It has been semi-domesticated for ages, according to The Nature Society, an international organization that grew from the purple martin interest of the 1960's.

"We are very fortunate to have martins in great numbers in the Chain of Lakes area," said Maryanne Kaht of the conservation club.

There are many "purple martin landlords" in this area with martin colonies nesting in their yards, and more houses are put up for them each year, she said.

CONSERVATIONISTS APPROVE of this for at least two reasons, Mrs. Kaht said.

"First, martin interest seems to spread to an interest in other aspects of nature and, second, the more birds and other natural insect controls a community has, the less are that community's

dependence on controversial chemical sprays," she said.

The Northern Illinois Conservation Club (NICC) is offering a variety of bird housing for sale in conjunction with "Purple Martin Time" to anyone interested in becoming a purple martin landlord or to anyone who may wish to replace old inadequate housing with the newer maintenance-free aluminum housing.

Anyone interested in purchasing a martin house or accessories can contact Mrs. Kaht by phoning 395-1898.

AN OPEN INVITATION to anyone interested in purple martins has been extended by the club to attend the regular NICC meeting on Wednesday, Apr. 27, at 8 p.m. Mrs. Kaht is planning to speak about "America's most wanted bird" and present

Haley commented that the crime rate is actually down this year and the force has excellent training. He observed that "hardly 20 people in the last four years have attended village-board safety committee meetings."

WHEN ASKED if they had a personal code or general basis for decisions, the candidates answered:

Gillman -- "I will not go over board members' heads."

Haley -- "An official needs to be aware of the circumstances and vote his conscience. In political matters, I try to find out what the people want."

Toft -- "The board is made up of committees of three. Committee recommendations are then made to the mayor."

Walsh -- "The whole board are the committees now. Their recommendations are very important."

Waukegan races start Saturday

The green flag will drop on the 1977 Chicagoland stock car racing season this Saturday night, Apr. 9 when the late model "super stocks" compete at the Waukegan Speedway in the traditional Northern Illinois season opener.

Ray Young, Tom Jones and Bob Dotter are expected to headline the field in the 50-lap feature. Sunday racing will be added one week later, Apr. 17.

Young, a three-time Waukegan champion, edged Dotter in the final month of action for last year's title while Jones won the 1975 track crown. All three drivers will race Camaros this season.

Also on the opening night card will be hobby stock car racing and a preview of the new late model "modified" class which will take over the Saturday night program several weeks after the season opens.

WHILE THE "SUPER STOCK" class is mainly composed of Camaros, the new "modified" division will see a variety of body styles in the open wheeled competition.

New cars now under construction include Maverick, Mustang II, Pinto, Skyhawk, Vega, Hornet and Monza 2+2. Camaros and larger cars are not allowed in the new class. These cars will race for the same guaranteed purse for which the super stocks compete.

THE SATURDAY RACES will start at 8 p.m.

The earlier start will mean that most Sunday night races will be completed will before 10 p.m. with the Saturday night events expected to end shortly after that hour.

During the off season track crews have been busy replacing fences, adding new bleachers and increasing the size of the parking area for the benefit of the fans.

Local swimmers make a splash

The Antioch swimmers did well in the Waukegan YMCA semi-annual Record Breaker in which over 120 athletes ages 6 through 18 took part.

KAREN SHEPARD placed first in the 50, 100, and 200 yd. freestyle events. In the 200, she set a new record with a 2:18.7.

Jack Fields, last summer's recipient of the Doug Dodd Memorial Trophy for the Antioch swim team and 50-miler in the annual Swim-A-Rama, took first place in both the 100 yd. butterfly and the 100 yd. breast. He then took a second in the 50 yd. freestyle.

Mary Manning took first in the 13-14 100 yd. fly.

PLACING IN the top three were Ted, Craig and Brian White; Kris Shepard; Judy Houghton; Margaret Ivy and Kim Nicholl.

Other local swimmers who took part and are looking forward to a fine summer season are Brandy and Tommy Nicholl, Ann and Russell Ivy, and Katie Shepard.

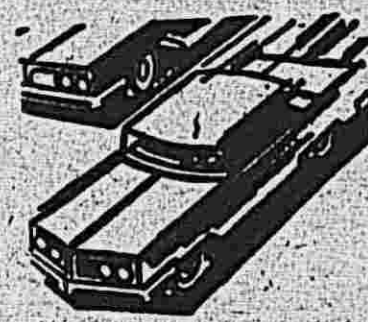

Lake Geneva Raceway off and running Saturday

Stock car auto racing will return to the Lake Geneva Raceway with a big program of time trials, heats and features this Saturday night.

This early pre-Easter opening will give fans a chance to see three classes of stock cars in action. Racing will be the powerful new late model stocks, sportsman and spectator stocks.

EACH WILL RUN a complete program of heats and features with time trials at 7 p.m. The asphalt track could produce the fastest laps of the season as the winter snow and spring sun have completely removed the oil slick grooves that developed late in the season last year.

These oil and rubber slick grooves gave drivers considerable trouble last year and the "fresh" track will provide faster racing and more passing. This, coupled with the new fresh engines and new cars, will give fans the best of the sport of speed.

TOFT AUTO RACING, now in the second year as Lake Geneva Raceway owners and promoters, have announced basically the same rules as used last year. However, notice has been given to the car owners that the cost of racing in 1978 will be reduced and new rules will restrict the super-expensive cars which have dominated racing in previous years.

The raceway is located on Bloomfield Rd., one mile south of Lake Geneva. Gates open at 6 p.m.; time trials at 7 p.m. and the first race at 8 p.m.

In the event of doubtful weather, fans may call the weather number at the raceway, 414-248-8566.

The Big Event

By BETSY ROSSEN

I sped home Sunday evening, eager to see the subject of much controversy in recent weeks. The NBC-TV presentation of "Jesus of Nazareth" was to debut.

My verdict: a sensitive yet vivid portrayal of the most important 33 years in history.

DIRECTOR FRANCO Zeffirelli raised the anger of many by saying, "I see Jesus as an ordinary man - gentle, fragile, simple. Of course, the public is going to be annoyed that I am destroying their myths. Yet in view of the constant reinterpretation of Jesus' life and the tone of contemporary society, I believe the charges which I have made are valid."

Yet Jesus' deity is presented through the multiplying of loaves and fish, curing of the blind, raising of Lazarus from death and fulfillment of countless specific prophecies. As Newsweek commented, "hardly the deeds of an 'ordinary' mortal."

The news magazine says the treatment meshes "a synthesis of the four Gospel accounts with historic verisimilitude, and the effect enhances the credibility and emotional impact of his (Zeffirelli's) theme."

SO THE inflammatory remark puzzles me.

Likewise does the director's "dramatic license" with many of the facts. Examples include the naming of John the Baptist, Mary Magdalene's background, the restoration of Jairus' daughter to life and Joseph's death.

The importance of these inaccuracies is minimal, however, when compared to the movie's version of Jesus' baptism.

THE BIBLICAL account of Matthew, after which the movie is

patterned in this scene, says, "And when Jesus was baptized, He went up immediately from the water, and behold, the heavens were opened and he (John) saw the Spirit of God descending like a dove, and lighting on Him; and lo, a voice from heaven, saying, 'This is my beloved Son, with whom I am well pleased.'"

Movie version: John quietly makes that last pronouncement to a few of the cast of thousands. He continues, "Behold the Lamb of God, who takes unto Himself (instead of 'takes away') the sins of the world."

SOME MAY SAY I'm playing games with words, that it makes no difference. But I'm convinced Zeffirelli and viewers deprive themselves of an exciting realization by casting aside the historical record.

First, God the Father is publicly declaring Jesus to be sent from and equipped by Himself.

Second, the purpose of Jesus' coming, as expressed by God's spokesman John, was to be the final embodiment of the Passover lamb - the perfect, sinless sacrifice for man's disobedience. He took the sins of the world "unto Himself" to the cross, but it was there the debt was paid and forgiveness offered: "And He died for all, that those who live might live no longer for themselves but for Him who for their sake died and was raised" (2 Corinthians 5:15).

It's each person's option to accept or reject what He's done. But as the contemporary saying goes, "Not to decide is to decide."

YES, I PLAN to watch part two next Sunday. However, the book was better.

And the real Jesus of Nazareth, better still.

Youth bowling conclusion

By LOIS HARTMAN

The Youth Bowlers at Antioch Bowl participated in the Illinois Youth Singles tournament Mar. 19 and 20. A total of 82 bowlers entered this competition.

The winners in junior girls were: Sheri Weber, 671 (which was high for the tournament); and Pam Knourek 605. Junior boys division: Tim Sauber, 653; Mark Filwett, 647; Jeff Miller, 628; and Mike Wencka, 626.

Prep girls: Kim Nicholl, 493; Margaret Ivy, 492; Ann Ivy, 492; Jeri Gutowski, 485; Dawn Smith, 478; and Kitty Johnson, 464. Winners in the prep boys division: Tom Miller, 505; Jim Weber, 503; Joe Carrubba, 493; Mike Priory, 492; Mike Christiansen, 487; Kurt Stahl, 482; and Scott Snarski, 482.

THESE BOWLERS will advance to the affiliate round; site and date have yet to be determined. Winners in the affiliate round will advance to the finals June 18, held at the Ford City Bowling Center in Chicago.

Patch awards were won by Sheri Weber for her actual 476 series and Mark Filwett for a 235 game. Mark had everyone watching lanes 1 and 2 as he finished his second game with four strikes and then had seven in a row, ending with his 235.

Mark's 235 was high game for the tournament. Other high games were: Sheri Weber, 172; Sandy Hartman, 157; Pam Knourek, 139; Tim Sauber, 198; Mike Wencka, 210; and Wally Nowakowski, 185. In the prep division: Ann Ivy was high with 170; Dawn Smith, 154; Margaret Ivy, 150; Kim Nicholl, 147; and Kim Stender, 143. Tom Miller led the prep boys with a 165; Scott Snarski, 161; Mike Christiansen, 160; Mark Maglio, 161; Charles Myers, 156; Marty Paden, 153 and Ron Michalski, 153.

THE YOUTH Bowling program will end its

season Saturday, Apr. 23. Tentative dates for the banquet are Saturday, Apr. 30 for the preps and Tuesday, May 3 for junior A and Junior B leagues.

The Benefit Drawing will be 12 noon, Saturday, Apr. 16. The proceeds go to the youth bowling banquet and trophy fund. If you haven't purchased your tickets, you may do so at the bowling alley or from a youth bowler in your neighborhood.

First prize is a \$200 savings bond; second prize, 12-inch RCA black and white television; and third prize, Zenith AM-FM electronic clock-radio.

Some employees are so protective of their rights that they leave five minutes early in the afternoon to make up for the five minutes they were late in the morning.

OBITUARIES

Herman E. Rosing

Mr. Herman E. Rosing, 70, of Antioch passed away Wednesday, Mar. 30 at Victory Memorial Hospital. He was born Nov. 12, 1906 in Round Lake and has been a life long resident of the Antioch area.

Mr. Rosing was one of the founders of the Antioch Rescue Squad and had operated an auto agency in Antioch with his father William A. Rosing for many years.

Survivors are one sister, Mrs. Hilma Lightsey of Antioch; three nieces, Mrs. Karen (Bruce) Galgan of Gurnee, Mrs. Julie (Dave) Miller of Antioch and Mrs. Ernestine Heins of Titusville, Fla. He was preceded in death by his wife, Martha, on May 17, 1967.

Funeral services and visitation were private. Burial was in Hillside Cemetery, Antioch. Friends desiring may make contributions to the Antioch Rescue Squad or the Cancer Society in his memory. Arrangements were made by Strang Funeral Home, Antioch.

Janet Raila

Mrs. Janet Raila, 72, of Chicago passed away Thursday, Mar. 31. She was born Feb. 18, 1905 in Chicago and lived there all of her life. She was a member of Nativity B.V.M. Church.

Survivors include her husband, Frank; one son, Frank (Antoinette) Raila M.D.; two daughters, Mrs. Dolores (Edward M.D.) Abderholden of Antioch and Mrs. Florence Lessner of Chicago; three brothers, Samuel, Bruno and Joseph Kuizinas, all of Chicago; one sister, Mrs. Anna (Anthony) Camedeo of Chicago; 16 grandchildren and several great grandchildren. She was preceded in death by one brother.

A Funeral Mass was said Monday at St. Peter's Church. Interment was in Hillside Cemetery. Arrangements were made by Strang Funeral Home.

You reduce your heat loss. We'll reduce our rates.

Our Winterizer home improvement loans are now available at special rates - just 9 percent annual percentage rate.

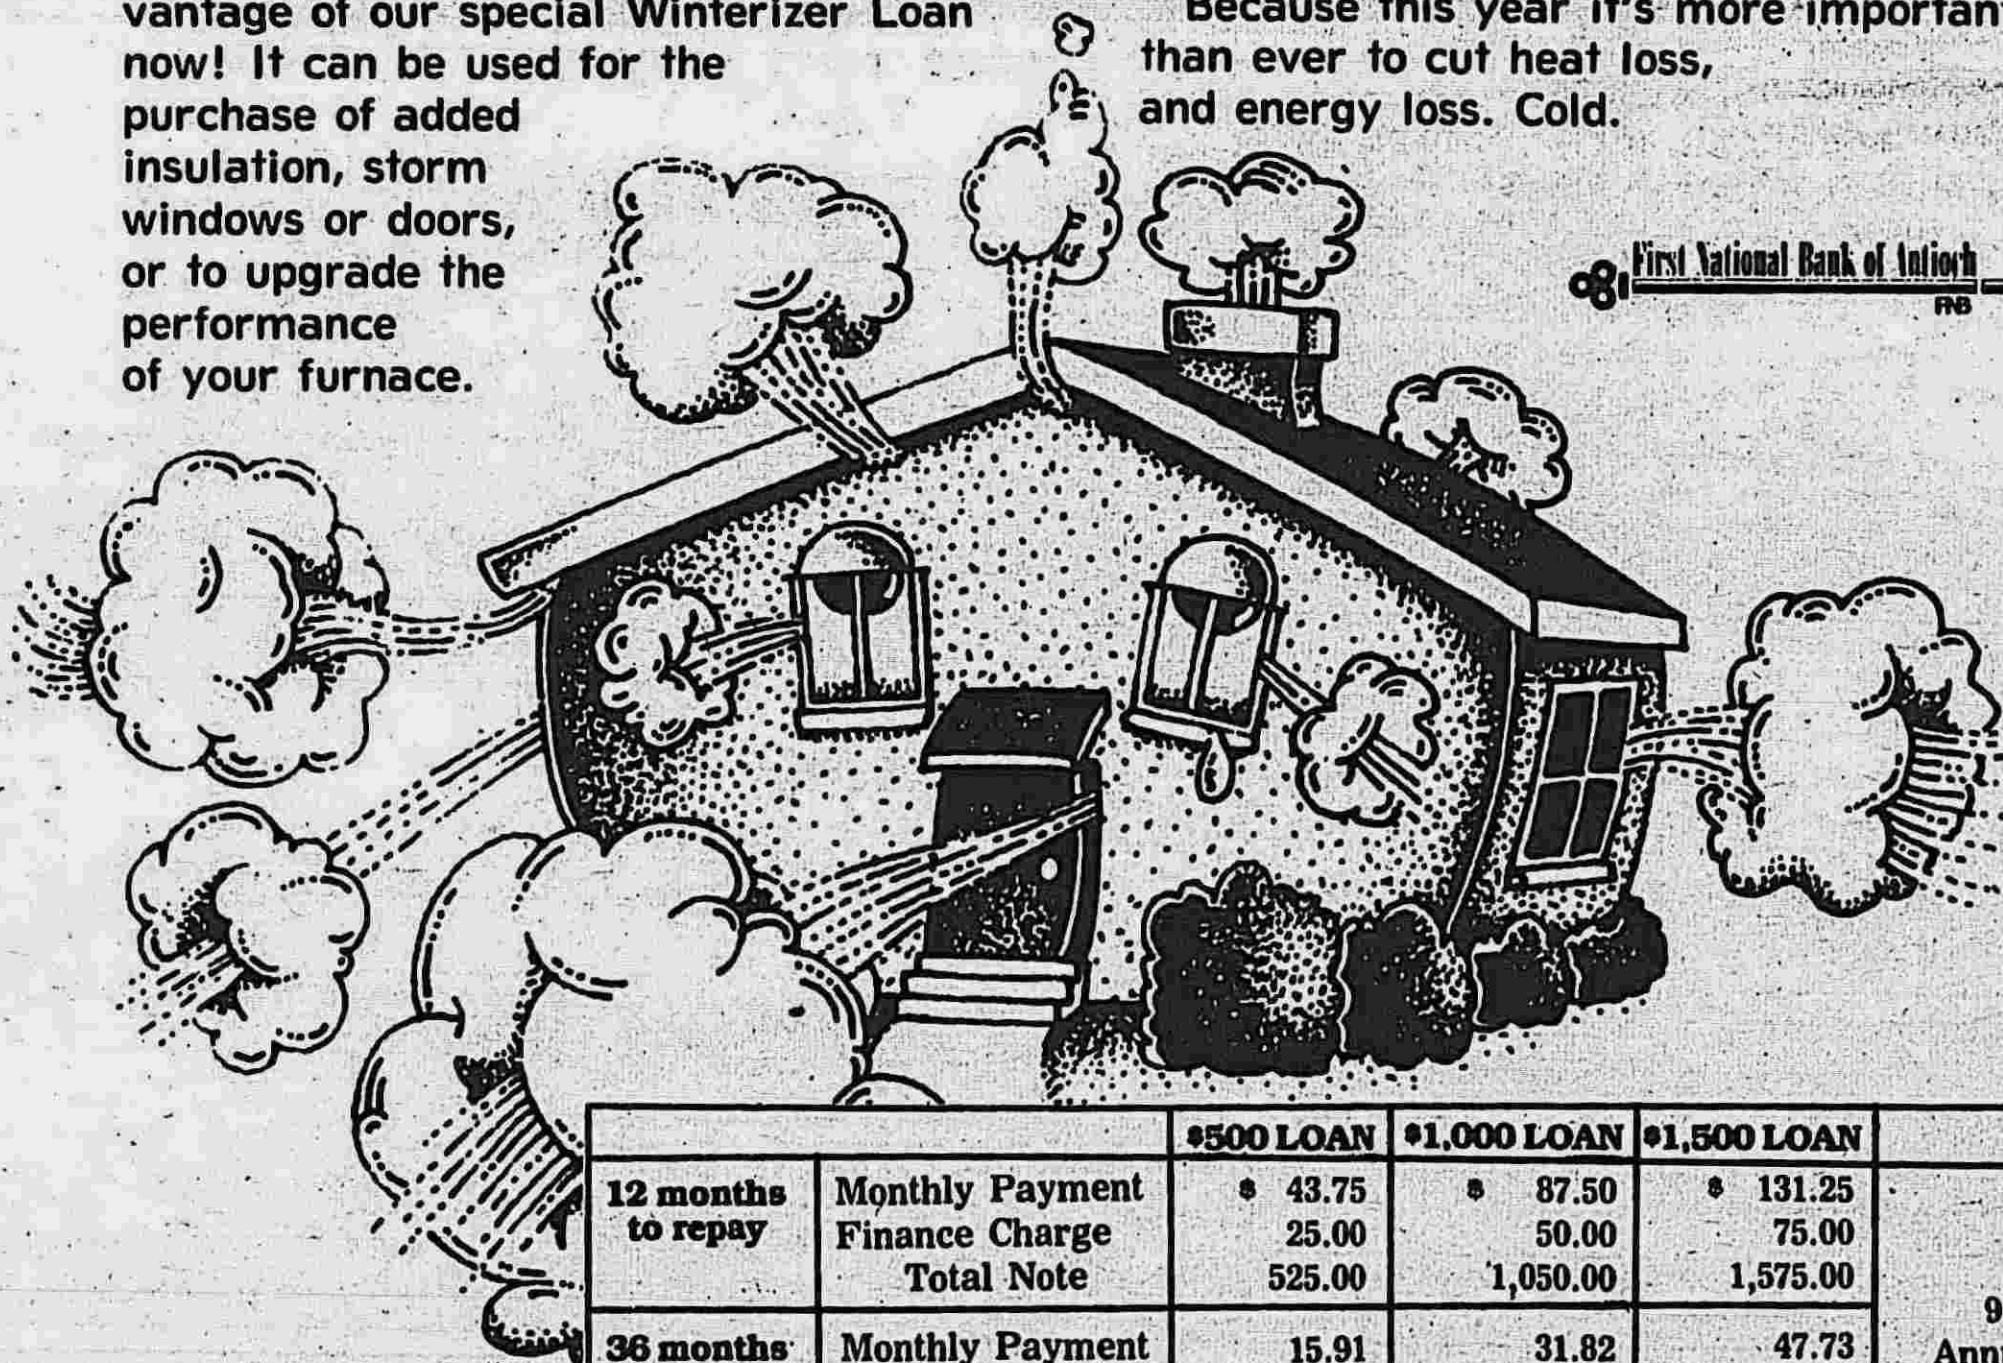

The reason is simple. The energy you waste because of insufficient home insulation not only costs a great deal in utility bills, but it can literally cost our community jobs.

That's why we urge you to take advantage of our special Winterizer Loan now! It can be used for the purchase of added insulation, storm windows or doors, or to upgrade the performance of your furnace.

You can take up to 60 months to repay, and besides saving on loan rates, you'll save on fuel costs - all year long.

So take a look around your home. Decide what you need to make your home more energy efficient. Then visit the First National Bank of Antioch and apply for your Winterizer Loan.

Because this year it's more important than ever to cut heat loss, and energy loss. Cold.
